

Greece's Action Plan for the Confrontation of Energy Poverty

Dr. Christos Tourkolias
CRES

Tackling energy poverty through national building renovation plans
European Sustainable Energy Week
21 June 2023

National context in regards to energy poverty in Greece

- Article 25 Law 4342/2015 (FEK A, 143/9.11.2015) - Preparation of the National Action Plan for the alleviation of energy poverty
- National Energy and Climate Plan - Specification of national target (FEK B, 4893/31.12.2019)

- Adoption and publication of the National Action Plan for the Alleviation of Energy Poverty in September 2021 through Ministerial Decision.

Energy Poverty Indicator

Energy poor households –
Simultaneous satisfaction of
the two conditions

Policy measures

DI. Protection of households

DII. Development dimension - Financing measures for increasing the energy efficiency of the buildings and fostering the higher penetration of RES

DIII. Awareness and information measures

M1. Improvement of the Social Tariff

M2. Provision of energy card to energy poor households

M3. Regulatory measures for the protection of energy poor households

M4. Energy upgrade of the energy poor households' building including the installation of RES systems

M5. Provision of incentives to energy poor households within the framework of the Just Transition Plan

M6. Provision of incentives to energy poor households within the framework of the EEOs

M7. Provision of incentives to energy poor households within the framework of the Energy Communities

M8. Conduction of measures within the framework of the EEOs

M9. Conduction of targeted measures centrally by the Ministry of Environment and Energy

2.3 billion €

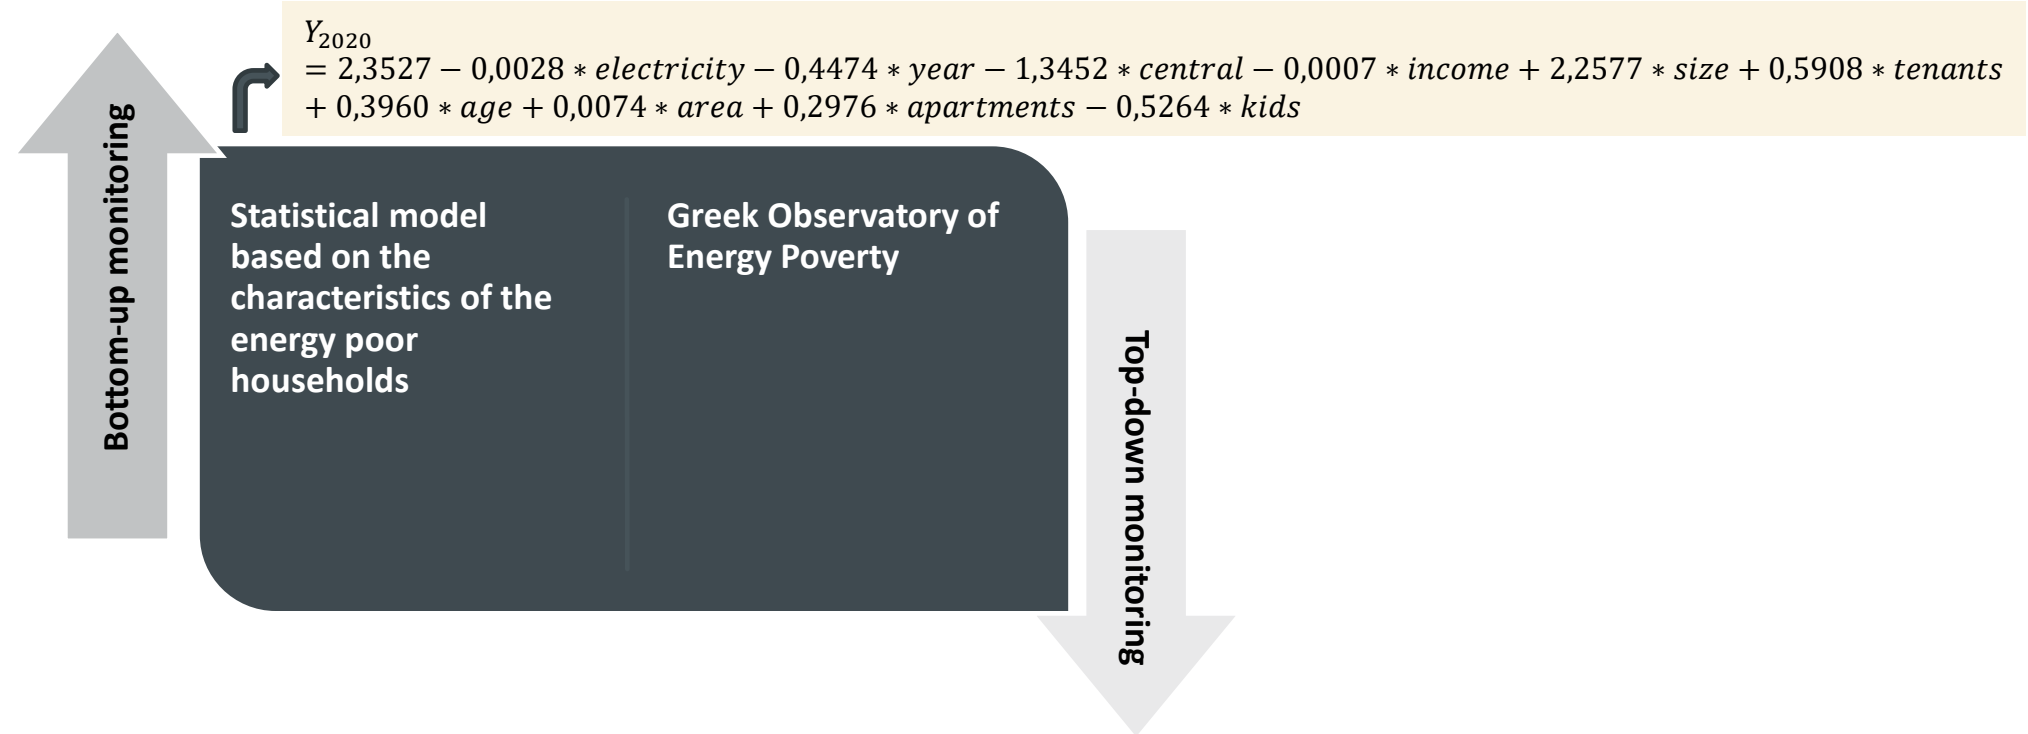

Implemented policy measures in the period 2021-2023

Continuation of the regulatory measures for the protection of energy poor households

Subsidy for covering the extra energy due to energy cost crisis

Implementation of “Exoikonomo 2021” programme with predefined budget for energy poor households

Monitoring mechanism

- ❑ Central role is assigned to the **Working Group for monitoring the NECP** with the following duties:
 - Management, evaluation and improvement of monitoring mechanism.
 - Evaluation of the implemented policy measures in the period 2021-2030.
 - Formulation of proposals either for improving existing policy measures or designing and implementing new more efficient ones.
 - Preparation of the annual progress report.
